BALTIMORE THEATRE.

On Monday evening last, the Theatre in this city was opened for the season, and the justly celebrated Mr. MATHEWS, from England, appeared for the first time before an American audience. Although it was a first night, the house was crowded at an early hour, and we certainly never saw a more attentive or a more gratified audience. For more than three hours did this extraordinary humourist entertain and delight the spectators, with a most ludicrous, yet natural variety of character, changing his manner, dress and action with Proteus like facility, and adapting his voice to suit the several personations with as perfect imitation as the most able Ven-

triloquist. We find it impossible, however, to convey more than a faint idea of the excellence of the entertainment which we witnessed on that night; the performance of Mr. MATHEWS must be seen to be duly appreciated.

Mr. MATHEWS on his first appearance was greeted by the audience with a cordial welcome—he preceded his entertainment by a short but appropriate address—as he progressed in his performance, the proofs of approbation accompanied every exhibition of character, and the applause was general and almost incessant.—*Gazette.*

There were eight new cases of fever reported by the Board of Health of New York, on the 25th inst.

From Bordeaux.—By the arrival of the Brandt at New York, from Rochelle, Paris dates have been received three days later than by former arrivals. There is no news either commercial or political.—Captain Steinhauer informs that advice of the Commercial Treaty had been received in France, and would, no doubt, be ratified, by the French government.

Arrival of the GRAMPUS.—The U. S. schr. Grampus arrived at Charleston on the 18th. inst. with her prize, the Spanish privateer *Panchita*. We learn that Lt. Com't. Gregory felt himself authorised to make this capture, from the circumstances of the *Panchita* having robbed amongst many others, the American schr. *Coquette*, Captain Souther, whose deposition of the circumstances together with that of the mate and two of the crew, was in Lt. Gregory's possession.

In her rencontre with the privateer, the Grampus sustained no loss either in killed or wounded, and no other damage than that of having had her fore spring stay and some running rigging shot away, and a few shot through her sails. The *Panchita* had unfortunately 1 man killed and 7 wounded, and was otherwise materially injured.

Particulars:—On the 16th, at 2 o'clock P. M. the Grampus descried a sail to windward which was immediately recognized as the *Panchita*.—At day light of the following morning, she was again discovered two points on the weather bow; at 6 30 A. M. the Grampus hauled up and made all sail in chase, and at 10 A. M. came up with her; Captain Gregory then ordered her to haul down her colors to the U. States of America, this was answered by the firing of a gun from the *Panchita*, and that followed by a broadside of round and grape-shot and musketry from the Grampus, which was promptly returned by the privateer. The action lasted four minutes, when the *Panchita* hauled down her colors and stated that she was sinking; the boats of the Grampus were then got out and the prisoners conveyed on board, consisting of eighty-seven in number.

CHARLESTON, Sept. 16.

On Saturday last seventy-six pirates were landed from the Grampus, and given into custody of the Marshal. We doubt not they will meet with their deserts. To captain Gregory and the officers and crew of the Grampus, the greatest praise is due for their vigilance in protecting our commerce, and particularly for the capture of the *Palmyra*, alias *Panchita*, which has been notorious for her depredations on American commerce. It is to be hoped that the owners of vessels, and captains who have been captured or plundered by this vessel, will forward their statements, in order that justice may have its course.

Latest European Advices.

By the Unicorn at Philadelphia, and Manhattan at New-York, intelligence from Europe to the 8th of August, has been received. The English pa-

pers contain much local interest, though nothing of importance in foreign matter.

The king of England had prorogued the Parliament in person, on the 6th. The House of Lords, on this occasion presented a brilliant display of ladies. The foreign ambassadors with their suites also attended. In his speech to the two Houses, his majesty expresses a conviction, "that the differences which had unfortunately arisen between the Court of St. Petersburg and the Ottoman Porte, are in such a train of adjustment as to afford a fair prospect that the peace of Europe will not be disturbed."

IRELAND.—The distress in Ireland had been much alleviated by the liberal subscriptions in England, which on the 6th of August had amounted to £243,607 sterling.

GREECE.—Accounts from Vienna of the 18th ult. confirm the intelligence already received of the destruction of the Turkish fleet and the death of the Captain Pacha.

Domestic Intelligence.

Examination of Midshipmen.—The next examination of Midshipmen, under the regulations for the government of the Naval Service—will be held at New York on the first of October—and will be conducted by Captains Porter, Evans and McDonough.

The expenses of Boston for the current year, according to the accepted report of the Committee of Finance, in the common Council, are estimated at 249,170 dollars, 15 cents. Of this sum, the amount devoted to the support of Public Schools is \$44,500. Besides this, is an appropriation of \$19,000 for a new School House in one of the northern Wards. These expenditures are highly honorable to the City.—*Boston E. Gaz.*

New Synagogue.—On Sunday the 15th inst. the dedication of the new Jewish Synagogue, took place in Richmond. The building is new; and though small, is elegantly finished. The ceremonies of dedication were performed by Messrs. Seixas and Judah, the Priests of the Temple. After these, an excellent discourse (most liberal and catholic in its spirit) was delivered by Mr. Mordecai. The music on the occasion was peculiarly fine and impressive. The ceremony was witnessed by a large assemblage of Christians.—*Compiler.*

LATEST FROM EUROPE.—By the arrival of the packet ship *Amity*, captain Maxwell, at New-York, in 38 days from Liverpool, papers of that city to the 16th of August, and London to the 14th are received. The most important intelligence, is the DEATH of the Marquis of Londonderry (Lord CASTLEREAGH) who committed SUICIDE on the morning of the 12th of August, by opening an artery in his neck with a penknife. The coroner's inquest had brought in a verdict of insanity. The London papers are almost exclusively occupied on this topic, and the confusion and agitation at the different government offices on this unexpected event, could hardly be described. Dispatches were immediately sent off to all the cabinet ministers who were out of town, and also to the king of England, who had embarked for Scotland on the 10th of August. The effect of the intelligence on the Stock Exchange was immediate; at half past one, the funds had fallen half per cent.

Sir Samuel Achmuty, commander in chief of the forces in Ireland, while riding in the park in Dublin, dropped suddenly from his horse and expired.

Those Numbers without any Prize affixed are Blanks.

The Managers of the Washington MONUMENT LOTTERY continue to draw but two hundred numbers. It will be recollected that this lottery is progressing to its close, and that no important capital remains to be drawn except the great prize of THIRTY THOUSAND DOLLARS, which agreeably to the Scheme is assigned as a premium to the first drawn number on the 35th day, and that to continue to draw 500 numbers each day until the 35th, the probability is, that the greater proportion of the tickets now held by adventurers, would be drawn out before the time arrived for awarding the great capital, and consequently that but few would then have a chance for it; to obviate which, we suggested to the Managers the proposal to draw but 200 numbers per day till the 35th; they immediately acceded to the same—we are glad to announce the arrangement to our customers, and as an acknowledgment for the distinguished patronage we continue to receive from every part of the Union.

It is proper also to remark that as soon as the 30,000 dollar prize is out, in order to finish the scheme within the time originally intended, the Managers will draw at least 800 numbers per day till completed.
